

Are you a creative go-getter looking for a new project? We've got your next assignment! We're calling on Girl Scout artists to imagine what the Girl Scout float could look like. If your troop's design is selected, you'll get to put it together and see it featured in the Ohio State Fair's daily parade.

UNLEASH YOUR CREATIVITY

- The float theme should represent an aspect of Girl Scouting (think camping, badges, cookies, etc.)
- Get creative with your materials – nothing of value should be used to make the float because valuable items cannot stay on it.
- Think in 3D. Items should be 3D to allow fairgoers to see as the parade passes by.
- The state fair committee can provide a list of supplies we currently have for use on the float design. Troop will be reimbursed up to \$100 for supplies purchased (save your receipts!).

Contact the Ohio State Fair Girl Scout Committee for the complete list of available supplies at osfgs.entries@yahoo.com

A FLOAT THAT'S READY FOR ANYTHING

- Materials should be weatherproof – the float sits outside during the fair so decorations need to withstand rain and wind!
- You have to include some form of seating and a handhold for each girl on the float (a picnic table is available for use)
- Girls must be able to get on and off the float quickly from the front.

FABULOUS. FIERCE. FANTASTIC.

Don't be afraid to be bold!

*The committee reserves the right to work with the troop to tweak the final design if needed. The winning troop will be given a **cash prize of \$100** and will have signage on the float recognizing their troop.*

Design your float on an 8.5 x 11 inch paper. Include necessary descriptions and attach all of it to this entry form!

Entries must be received by **April 1**

Refer to the fair book for more information on the daily parade.

Design a fab float!

Your float could come to
life at the Ohio State Fair.
