

Cookie Star Patch Program

The Cookie Star Patch Program recognizes troops and individuals that take their Girl Scout Cookie Program to new heights and work hard to develop their entrepreneurial mindset while learning the five skills! The Cookie Star Patch Program helps girls grow through activities where they'll develop curiosity, embrace challenges, take initiative, collaborate with others, and take creative risks! Cookie Stars go above and beyond, using their resources wisely as they become budding entrepreneurs!

Complete two requirements per category below to earn the Cookie Star patch and 2021 star. This patch may be earned multiple times. After the first time, girls receive the year star to complement their patch.

Patches will be available for purchase in GSOH shops beginning Dec. 7, 2020.

Be Curious

- Explore the Little Brownie Bakers (LBB) website and complete one of the activities or crafts under the Girls or Teens tabs.
- Amp up your family's curiosity by selecting an activity from the Family Fun section of the Families tab on the LBB website.
- Write and share how you might use the five skills you learn about and develop during the cookie program in other aspects of your life.
- If you have participated in a cookie program before, find out something new you can participate in this year. It could be a new patch program or a new phase of the program.

Embrace Challenge

- Participate in all three phases of the cookie program.
