

HOW DO WE BUILD THE BEST CAMP FOR GIRLS?

For many Girl Scouts, camp is their first night away from home, the place where they learned to swim, and a source of endless memories and friendships. We've given girls access to life-changing camp experiences for more than 75 years. All of it made possible by friends, alum, and donors who saw a need and helped us build a better space for girls to grow in leadership and take part in outdoor adventures.

We're always looking for ways to make our camps even more amazing. We've done the research and know what we need to improve camp for every girl. You can help us in our quest to provide the BEST camping experiences for girls in our council.
