

You are invited to participate in Tied Together in Friendship and Love

We've partnered with Susan G. Komen Race for the Cure to share friendship bracelets with breast cancer patients, survivors and those living with metastatic breast cancer. The bracelets will be passed out during the race for the cure event in Hope Village, a special place just for Breast Cancer patients and survivors. Each recipient will receive two identical bracelets. One for them, and one for someone who has supported them on their journey. Once you hand in the bracelets you've made you can buy a commemorative patch from our GSOH store locations.

Help us reach our goal of making 1,000 sets of friendship bracelets for breast cancer survivors. All you need is supplies, time, and the power of Girl Scouts to make your pair of bracelets!

Bracelet Guidelines

- Please make 2 matching friendship bracelets.
- Place each set in a small bag or envelope.
- Each bracelet should be large enough to fit an adult.
- Any style of bracelet is accepted! Be creative and use your imagination to create something beautiful.
- Use your resources wisely. Ask for donations for supplies or reuse materials from previous projects.
- Focus on the quality of the bracelets over the quantity.
- All completed friendship bracelets need to be delivered to any GSOH service center by **April 17, 2024**.

Resources & Events

Not sure where to start, or looking for more ways to engage with this patch program? Check out our additional resources and events below and sign up today!

Join us for a bracelet making party at our Watermark Service Center on **Sat., Feb. 3, 2024**.

Volunteer at Race for the Cure on **Sat., May 18, 2024** to join our cheer section.

Get inspiration for all kinds of bracelet making methods with our tutorial round-up.

Badge Tie-Ins

Girl Scouts may complete steps toward the following badges while working on this service project:
